12. CCC

Designing Course

13. Photo Shop
14. Corel Draw
15. AutoCAD
16. 3DS Max
17. 3DS Max (V-Ray)

MANIFAA GROUP OF INSTITUTIONS (MGI) creates expert Accountants out of Graduates and Non-Graduates. Only Right Accountants get a good job. Keeping this in mind, the curriculum has been developed by Industry Experts to provide the aspirants with practical knowledge for making them Industry ready. The curriculum is designed to familiarize them with the latest developments and to cope up with the industry requirements. All Students aspiring to be in the accounting profession must know what the industry expects from an accountant. These are:

1. The aspirant must have knowledge about accounting software and to work in a computerized environment (among which Tally. ERP 9 is most popular).
2. The aspirant must be well prepared to maintain the Statutory documents, Registers etc. in a proper way to cope up with the requirements of the Auditors, Legal Advisors etc.
3. The aspirant should also be able to generate and provide necessary MIS Reports and data as would be required by the business.
4. The aspirant must be having adequate knowledge of MS Excel in order to help in daily office work like creating reports, etc.

We, at MANIFAA GROUP OF INSTITUTIONS have designed our courses to cater to these industry needs and provide the aspirants with the training to make them industry ready. The courses are designed so as to cover all practical aspects required by an accountant in handling the accounts of any business. The course is designed by Industry experts and hence is tailored according to their requirements.

The training to students will be done in a simple and effective manner for easy understanding of students.

Modus Operandi:

1. Classes will be organized in online (Live) mould.
2. Books shall be sent via courier by us directly to the franchisees.
3. Classes shall be conducted through our customized software which has to be installed in your Laptop/PC (Shall be done by our technical team).
4. After completion of the course digital certification shall be provided.
